

GOOD OLD FASHIONED CHRISTMAS

© MAKIEmusic.com

I want a good old fashioned Christmas
A kind where laughter fills the air
Our children's dreams are snuggled in
With sugar plums dancing there

And in that good old fashioned Christmas
We'll sing carols by the fire
And friends will stay for hours and hours
With family near and far

So shake all of your worries off and gather round with care
Grab a glass of eggnog, let your memories take you there

Let's make this good old fashioned Christmas
Every year we'll take the time
To cherish those we have and hold
Passing stories down the line

So shake all of your worries off and gather round with care
Grab a glass of eggnog, let your memories take you there

It's the kind of Christmas to talk about
The kind we long to share
With an Eastern Star and Newborn King
Who brings hope everywhere

Let's make a good old fashioned Christmas
Every year let's take the time
To have a good old fashioned Christmas
Christmas, Christmas this year
